

KNOWLEDGE IS POWER

At Kallion Farms, we know everything about our cattle and have the data to back it up. Our cattle are DNA tested with both Pfizer and IGENITY®. Do you know what age your heifers start breeding? Do you know your cattle's feed efficiency? Do you know your animal's average daily gain? Do you know your cattle's shear force measurements? Do you know how your cattle grade? At Kallion Farms, we test our animal's optimal performance. Empower yourself with knowledge.

At Kallion Farms we have Brahmans that:

- BREED AT 12 MONTHS OF AGE
- TAKE 5 LBS OF FEED TO GAIN 1 LB
- AVERAGE DAILY GAIN ON GRASS IS UP TO 3 LBS
- 3.5 LBS WARNER-BRATZLER SHEAR FORCE
- CATTLE GRADING MEDIUM TO HIGH CHOICE

KALLION FARMS

In Search of Excellence
